Writers of the Week:

From Mrs Busari

It was an excellent first week back for us all. The children really settled in well, although were very tired by the end of the week. We would usually be holding our second parents' evenings of the year around now, but it seems more useful for us to wait until next term to hold these. There will be phone consultations again and further details will follow, but we are looking to hold them w/c 26th April.

Unfortunately, during the lockdown period our caravan library has not survived. It suffered significant water damage in one of the bad rain storms which we had and has become un-useable. Thankfully all of our books were able to be saved and stored away and we will be planning to develop a new library area in the shared space outside the classrooms. This will enable the children to have more access to the books all of the time and we are looking

Please remember to wear a mask when on the school site unless you are exempt.

forward to making this an inviting area for our children in the coming months. We will keep you posted on our progress.

This week, the children will be doing some work in class on the Census so I am sure they will come home and share their learning with you as we all complete the census papers. It would be good for you to share the real papers at home with the children so they can see. For the activities in school, the children will all receive a certificate and sticker for taking part.

I hope you all have a lovely week in school.

Best Wishes,

Mrs Jude Busari
Executive Head Teacher

We have a limited supply left of red noses in school - minimum donation of £1.50 per nose please.

Your red nose will be a surprise of one of the following characters:

Thank you
